OUR CONTRIBUTIONS.....7

CAISSE OVERVIEW

The Caisse Desjardins du Réseau de la santé is a provincial, accessible and forward-thinking financial institution created by and for people in the health, social services and life sciences sectors.

OUR Health Team

Our Health Team, comprised of senior advisors, is dedicated to entrepreneurs in health and life sciences.

We offer a **comprehensive approach** that covers both the **corporate and personal needs** of entrepreneurs and their employees. Furthermore, with our network of experts, we can accompany members from the outset, from looking for a construction site to financing their projects (clinics, laboratories, pharmacies, etc.).

OUR GOAL:

Provide financial support and guidance to entrepreneurs in health and life science sectors to help make their projects a reality:

- Clinics
- Laboratories
- Pharmacies
- etc.

WHY CHOOSE US TO PARTNER YOUR PROJECT?

WE OFFER:

- A one-stop shop for all your financial needs
- A presence throughout Quebec
- Sound advice that combines creativity and expert networks
- Support in developing your business plan (start-up, location, funding, etc.)
- Exclusive financial services for professionals and entrepreneurs (laboratories, clinics, pharmacies, etc.)
- Personalized, effective support adapted to the sector's reality
- Connections with trusted partners to meet your needs
- And much more...

“ WHAT OUR CUSTOMERS ARE SAYING ABOUT US... ”

“I was fortunate enough to have valuable advice on the acquisition of my clinic and an access to financing that fit the vision I had to revive the business.”

- Dr. Maxime Brousseau, Dental surgeon, and
owner of Clinique Dentaire Sainte-Thérèse

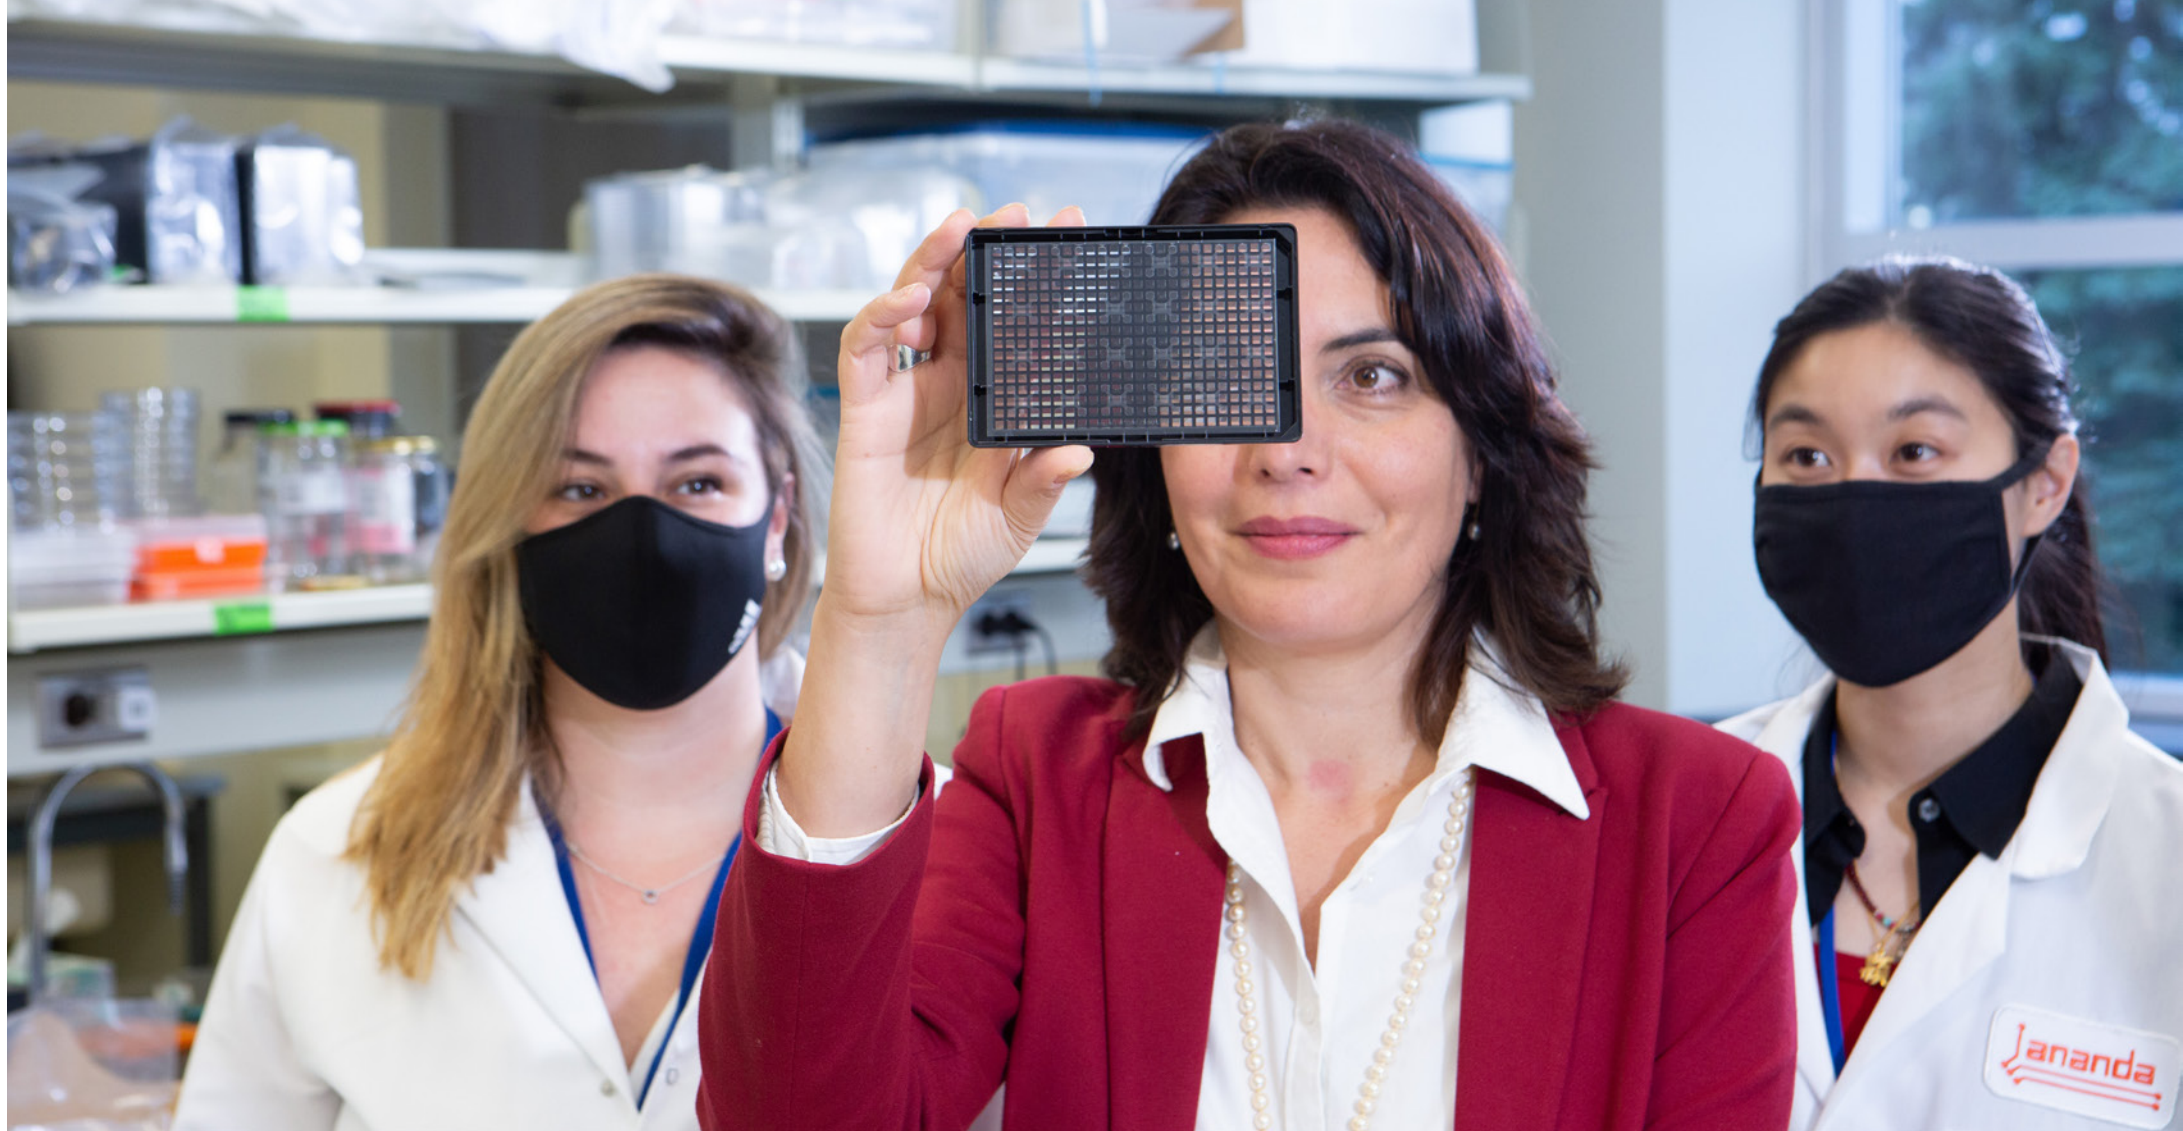

“When I opened my first medical clinic, I did business with the Caisse. In less than a week, my advisor and I sat down to have a better understanding of my needs in terms of financing and so on. It was all very positive, the service was more personalized than with other financial institutions, our discussions were also more fluid because we spoke the same language. I clearly felt the support of the caisse in my project. Today I'm about to launch my 3rd clinic. Thanks to the support of the Health Team.”

- Dr. Rémi Boulila, Executive director of the Clinique Médicale Mieux-Être

DISCOVER SOME OF OUR CONTRIBUTIONS

ANANDA Devices

A women-owned biotech company offering proprietary high throughput cellular and tissue nano-organization technology to accelerate R&D in pharmaceutical, food and cosmetic (PFC) industries.

OUR CONTRIBUTION:

- Business mentoring of our Health Team to support CEO Margaret Magdesian in her functions
- Financing of laboratory equipment
- Strategic advice for the financing of the company
- Etc.

Labofine Inc.

Labofine is a government-accredited analytical laboratory testing services provider for a broad range of industrial, institutional and governmental agencies.

The company provides wide range of solutions that can help you detect, identify and quantify trace-level chemical components in Nutraceutical, Food and Pharmaceutical products.

LABOFINE
A Tentamus Company

OUR CONTRIBUTION:

- Strategic advice from our Health Team
- Group insurance in order to allow Labofine to stand out as an employer
- Financing for the purchase of the building that houses Labofine's laboratories
- Financing of laboratory equipment
- Etc.

Perceiv AI

At Perceiv AI, we flip the traditional approach to drug development. Instead of trying to find the right treatment for a given disease, we find the right patients for a given treatment. This leads to faster, safer clinical trials, and more effective treatments. Our goal is to improve treatment efficacy through AI-driven precision medicine.

OUR CONTRIBUTION:

- Financial support obtained through the Desjardins Business C Funds program
- All types of financing, including a line of credit specific to the needs of the business
- Business mentoring of our Health Team to support CEO Christian Dansereau in his functions
- Etc.

Emovi

Located in Montreal, Emovi is a company manufacturing medical devices for the evaluation of joints, such as the knee, with the goal of restoring the quality of life of patients.

At Emovi, our mission is to transform the musculoskeletal health care landscape by developing state-of-the-art products to enable the population to age while remaining active and healthy.

OUR CONTRIBUTION:

- Financing in the form of a guaranteed loan according to the company's needs
- Financing of equipment for the manufacture of medical devices
- Etc.
